Save the Date

Color & Culture will host a PA Maternal Health Summit in person on **Wednesday, August 6, 2025** from **9 AM to 3 PM** at the Marriott in Lancaster, PA. We are seeking proposals for speakers, presentations, and panelists geared towards professionals.

We welcome ideas and submissions from maternal and child health, pediatrics, OB/GYN medicine, all public health and medical professionals, social service agencies, advocates, systems-change experts, and community members interested in improving maternal and child health, supporting families, and increasing quality and access to prenatal and postpartum care. The goals are to educate professionals about resources and strategies that can drive positive changes in maternal health equity.

Our goal is to create a space for learning, discussion, movement-building, innovation, and skill development. We welcome revolutionary topics and ideas that challenge the status quo, shed light on important topics, and give a voice to those in need.

Session Types

Speakers may be considered for either a Podium Presentation or a Workshop/Skill Building Session. All submissions will be responded to, regardless of invitation to present.

PODIUM PRESENTATION

45-minute session with 1-2 speakers that consists of 35 minutes of content, 10 minutes of Q&A.

WORKSHOP/SKILL BUILDING SESSION

45-minute session with 1-3 presenters. These sessions are intended to be actively facilitated, interactive, and semi-structured. Proposals should include a topic name for the session, a brief description of the session, and brief outline of a facilitation plan or methods to be used. These sessions are a great way for organizations to gain insights and gather feedback on a variety of topics.

Maternal Health SUMMIT
